Five Great Reasons to Fundraise with Froggy:

About Froggy

The idea for a new and innovative fundraising program came from a mom who had three children, each at a different school. She had first-hand experience with the many fundraising programs available, knew what worked and what didn't, and what was needed. Feeling the need for something different and with a focus on a healthier lifestyle and our environment, Froggy Fundraising was created. Froggy Fundraising is a unique and easy fundraising program that sells products all households and businesses use every day.

1 Solid Profits

One Froggy Fundraiser can achieve the fundraising goals for the entire year. Your organization can earn up to 25% profit on competitively priced products. Our software program will provide sales reports for repeat campaigns to help ensure a long-term fundraising program for your school. You pay only for the products that are ordered after they are distributed to your customers.

Example: An organization with 100 sellers, each person selling \$120 worth of products, can earn up to \$3,000.

2 Useful Products

Froggy offers products that are used in households and businesses every day. Products are conveniently and hygienically packaged and come in various sizes and quantities. Some of our exceptional quality products include:

- Paper towels
- Bathroom tissue
- Lunch and dinner napkins
- 3-ply pocket pack facial tissues
- Swiss formula stain-removing soap
- Blank note cards created with your organization's logo and/or artwork

3 Environmentally Conscious

Froggy Fundraising products are environmentally friendly. Over 90% of the paper products are made from recycled material. This complements schools' and communities' greening programs.

4 Fun & Easy Program

Froggy Fundraising is a complete and long-term fundraising program that is easy to implement.

- minimal volunteers required
- "Froggy in a Box" contains:
 - recommended campaign guide
 - seller's kit for each seller, including conveniently sized product samples and order forms
 - instructions to download custom designed software for entering orders
- support materials are user friendly
- dedicated pick-up date for the customer
- safe program — sellers only need sell to customers they know
- no collection of money when selling
